Old Business

1. Meeting called to order by Joel A. at 12:20 pm
2. Introductions were made all around.
3. Approval of September 8<sup>th</sup>, 2006 minutes: Minutes approved

4. Awards:

Someone asked how we get notification of National AWWA awards. Elgar B. was going to get with Eric Way to have National notify us (On February 28 I received a copy of a letter from National to Janice Skadsen that they selected Ira Township to receive the Exemplary Source Water Protection Award – Small System and they selected Charter Township of Waterford to receive the Exemplary Source Water Protection Award – Medium System. These will be presented at the ACE07 in Toronto).

Wayne K. will submit the City of Davison for next year's National Award in October.

Wayne K. will send out applications for Michigan Wellhead Awards in mid-March and due date of mid-May.

Wellhead Subcommittee, consisting of Joel A., Ray B., Gail P., Tom S., and Marc W., will meet at Constitution Hall at 1:30 pm on May 31 to review and discuss the submittals.

## 5. New Business:

Group discussed MDEQ limiting their employees' involvement on committees. Ronda P. will be official MDEQ representative and other MDEQ members will be officially a resource to this committee.

Group discussed sending a couple members to the GW Sustainability Conference on March 26. Alan E. and Dave R. volunteered. Joel A. was supposed to get info to them and inform Dave Koch, but he forgot about this until writing these minutes up. It may be too late, but he will send the info out now. If they can still make it, they should attend and report to us at next meeting. If they can't make it, then blame your Chair (me) for messing up.

6. Meeting adjourned at 1:10 pm.

Next meeting will be a return to our Summer Boat Trip on Friday, July 13, 2007. Joel will send out details after acquiring access to a boat somewhere.
